The Committee to whom was referred the act to amend the taw relating to adultery and fornication reported through the Motion by Hon, J. W. Keawehunahala that the report be tabled as the Committee had not brought in a new bill according to instructions, but an amended one. Minister Hutchison proposed that the record on that matter should be read to refresh memories of the members. Minister Harris requested to know how the Hon, gentleman could have the assurance after

tive, should now say your minutes are wrong; in my opinion he knows to the contrary. The Hon. J. W. Keawchunahala denied voting in the affirmative, that he voted against it. Minister Harris repeatedly interrupted the Hon, member from Waialua by taking exceptions to his argument, but the chairman decided that the Hen, member should be allowed to go on if he argued on the report, but not to speak on the merits of the bill. After considerable discussion by different members, notion was made to lay the report on the table, which was put to vote and

TWENTY-FIRST DAY, May 18. Hon. J. Kupau moved that before reading the minutes of the Assembly the Sergeant-at-arms bring into this House the member from Waialua, and he be allowed to take his seat, seconded by

The Vice President said that the member from Koolauloa was out of order, that the House was not open for business, and his motion could not be entertained, and ordered the Hon, member to sit down. After some debate, minutes were read.

Warrant for arrest of L. H. Gulick, signed by the President read, and the return of the Sergeantat-arms also read, stating that the body of L. H. Gulick was in readiness to be brought before the

Hon. E. H. Boyd presented a resolution that the said L. H. Gulick be brought before this house by the Sergeant-at-arms and questioned by the Hon. President or Vice President Motion put, 18 ayes,

Moved that the business of the House proceed until the arrival of Mr. Gulick.

Report of Select Committee on petition from Honolulu to amend Section 1280 of the Civil Code reported that it be referred back to the introducer. Dr. Gulick having arrived, he was interrogated by the Vice President:

Are you editor and publisher of the newspaper Kuokoa published in Honolulu? I am.

Do you hold yourself responsible for articles published in it? I do? On the order of the President, L. H. Gulick was

Hon. E. H. Boyd said-I was the member who moved that this person be brought before this House and I now move that he be punished in

accordance with Art. 52 of the Constitution. Hon. Messrs. Kaapa and Ukeke both took the floor. Mr. Ukeke to Mr. Kaapa-Will you allow me the floor? Mr. Kaapa-No sir. Mr. Ukeke-I

am not surprised at your refusal. You are a back-Hon. L. Kaapa moved to defer further action on this matter and allow members to call upon Mr. Gulick after this Session and ask him who is the author-he may tell and it may prove to be one of us. Hon, G. B. Ukeke asked for the law that could punish a man for saying that certain representatives were parasites of the Ministers and asked

that the Hon, member (Boyd) reconsider his action, and moved that this resolution be tabled and the gentlemen (Gulick) set free. Hon. L. Aholo, said regarding remarks of the member from Honolulu (Boyd) bringing this man (Gulick) before the house in accordance with the 52 Art, of the Constitution he wished to know whether (Gulick) was guilty; he thought not, there were many meanings to the word "hoopilimeaai," There were spectators here listening to remarks of Representatives in accordance with views of the Ministers and they were apt to say said Representatives were "hoopilimeaai" to the Ministry, and after other

remarks said he would support the motion of the Hon, Mr. Ukeke. Hon, J. Kupan said a gentleman had said that our late King had been called a monkey, and he was not angry, comparing him to an animal. Which was the worst to say they (the members) were hoopilimeai" or monkeys? If Mr. Gulick had said the latter I should vote to punish him under this Section (52) of the Constitution. I do urge my fellow Representatives to discharge Mr. Gulick.

Hon, D. Kahauleho said he was opposed to the remarks of the member from Honolulu (Boyd). that we have no right to punish him as under the 3d Art. of the Constitution, any person can, &c. I would move that the manuscript of the article be brought into this House.

Hon. W. P. Wood: I support the motion of my colleague for this district and oppose the discharge of this person. He has been properly arraigned before the bar of this house and should be tried. I think he should be tried in accordance with the 52 Art. The word "hoopilimeaai" is a very bad word. Regarding remarks of member from Molokai that the person had a right to say as he did under the 3d Art. being held responsible, Lagree with him he should be held responsible as is so to this House. That having in mind the dignity of this people I temand that this person be punished else he may go away and lo worse. We may give him so much of the punishment as we choose, but like a child he should be punished or he may go at large and do worse. Cannot we reprimand him, and tell him if he does so again he will be punished again. I pity Mr. Gulick, and would not imprison him, I do therefore move that the President do reprimand him and he be discharged. Hon. G. B. Ukeke said before we punish, as the member from Honolulu (Boyd) would have us, we had better see if we have authority. I don't think a person from Hawaii to Niihau was ever punished for cailing another "hoopdimeaal." There are judges here; did they ever punish a man for this? Perhaps the members from Henolulu have heard of such. During the remarks of this member, a letter was read from L. H. Gutick

To His Highness M. Kekuanaca, Fresident of the Legislative Sig: - Before the Assembly shall pass to any resolution of condemnation in my case, allow me to crave the common right of a criminal, of speaking in my own defense. Yours respectfully, (Signed) Minister Hutchison moved to table the letter. L. H. GULICK.

Hon. C. K. Kakani supported the tenor of the correspond-Hon. G. B. Ukeke rose to a point of order and requested that the letter be laid aside until the motion before the House was settled. The Vice President sustained the Hon. Member, and ruled that Mr. Ukeke had the floor. Hon. T. C. Heuck arose to support the amendment of the member of Honolulu (Wood) to reprimend Mr. Gulick. I had fears at one time that the members entertained the two ex-tremes regarding punishment, and had fears lest a bad precedent should be established. I fear that too much is being made of this matter-that the House should caution this person and others to use more temperate language. There are two points n this letter-one the evident intention to snarl and find fauit. I would call the attention to the difference between calling individuals so and members collectively. If the member, Mr. Ukeke, likes to be called "Hoopilimeaai" from January 1 to December 31, it matters not to me, but when the word is ap-plied to us collectively, the House is judge of the intention to insuit. With my colleagues, the other foreign members, I care not for this expression; it is the Hawaiian members who can put such construction as they please upon it. I know that a record is being made of the remarks made here, and I hope they (the editors) will read them and conduct themselves more like sane men. I claim that it charges us with perjury-licking one's boots for a calabash of poi-and I claim it is an insuit. I claim that if it had been used in connection with a bill of some importance it would be well, as all have a right to their opinion; but what is it in connection with this jolly good horse bill which has been before the House for fourteen years. I think this ar-

on, but instead it is a paltry matter of fifty cents a head on the horse tax. I would not look too lightly upon this matter-ew are accused of perjury. One cannot clange his opinion for poi or anything else without hurting his conscience. I would punsh this man, lest snarl and slander should go at a premiur

believe in the freedom of the press, but not abusing it. What is the difference between using a club or the press to knock one down with? Because an allusion was made to the fact of a former King being called a monkey, is it any reason that he was kicked-that we should we be kicked? Do two wrongs make a right? Let this House decide as to the wrong; some go to one extreme and some to another. I would second Mr. Wood's motion, that Dr. Gulick be brought before this House and reprimunded by the President or Vice President, and told to behave

better in the future.

Hon, J. M. Smith wished to be informed as to the motion before the House, and wished to make an amendment to an a nendment. "I move that the Rev. L. H. Gulick be brought again before the bar, and be admonished that this House do consider the article a contempt to this Assembly, and with this intimation of our opinion to him we do dismiss the further consideration of his case," I do not wish to take up the time of the House, but as I think some of the Representatives are mis taken in this matter, I wish to set them straight. This House has decided that Mr. Gulick be brought before the House, and if we discharge him we stultify ourselves; we act like children; we do one day and undo the next. The question before the House is simply on the matter of contempt. The person may hold a contempt for the House. We have not questioned him as to that, and it makes no difference what he thinks. The question is, has this house an opinion that they have suffered a contempt? If so, let them act. If not, what are we discussing? If an individual should go to the member for Koolau, and say you may be a good man enough, but I think you steat, would he ask his neighbers if he was insulted? I think in my case I should settle it by my prowess, and if I failed I should appeal to the laws. Some may not think we have been insulted, but a number of us think we have been. Some of the members think this person has a right to come on this floor and argue his case. If a person should insult a Court, does the Judge ask the person to argue on the style of his speech? No. He says do you withdraw the offensive language ?-it is disrespect to the Court, and in case the language is not withdrawn he is sent to prison. Should we ask outside opinion as to whether we have been insuited? I say no. We are the judges, and must take some notice of this matter. I consider the gentleman an intelligent man, used to public speaking, writing and printing. He may not think it offensive, but we have a right to say we think it is My opinion is that it will comport with our dignity to say that the matter is offensive. We may not change his opinion, but can show that there is a point beyond which he cannot step—that he cannot speak contemptuously of this the highest Assembly of the land. I would not punish too severely. We may gain our point without s vere punishment.

Hon. John Ii said: There are two ways in which the word

"hoopilimeani" may be used-in earnest or in fun. Regarding the interpretation of the 52d Article of the Constitution, my opinion is, the matter does not come within the sense of the Article. I understand the 52d Article, but I would call the attention of members to the last clause of Article 3. I would explain the same of Article 1. I never heard of any member of this Assembly being assaulted or published. No one in particular is mentioned as hoopilimeani. (Corrected by the Vice President.) Hon. D. Kalakana said: I think it proper that I should make some remarks, as some of the parties assailed I hold in

high estimation. I do not concur with the Noble who has just said the word was used in fun. By the definition of the word Andrew's Dictionary we find what the word means, but the word is not used in that sense in the Kuokoa. The word, as there used, means that these members may be pulled around by the Ministry like cattle with rings in their noses. The morning of the publication, on the corner of Queen and Nuuanu streets, I heard some one say a great bill had been before the House, the horse bill. Just then the two members from Honolulu passed, and they were hissed. It is clear the members must have been aggrieved. At the vote being called on the question, I voted with the parasites and hoopilimeanis. I support the remarks of the Hon. J. M. Smith. Hon. J. M. Smith's motion was then read.

Hon, I. H. Kapuniai: I am one of those who was spoken respectfully of as a friend of the bill, but I do not support the person in his remarks against those who opposed it. I think an insult has been put upon the House, and the members of Honolulu have been contemptuously used, and through them their constituents. I think he should be told to go and sin no more. On motion, the previous question was called and carried. Hon, J. M. Smith's motion was put before the House—24 aye and 6 nay. Mr. Gulick was then brought in. The President: I hereby inform you that you have commit-ted a contempt of this Assembly, and would say do so no more;

and with this, say to you, go from this House. Mr. J. Kupau moved that the Sergeant-at-Arms bring the body of the member from Waislua into this Assembly. [The edings following were inserted last week.] Resolution of Hon, J. A. N. Nahaku that the Minister of Finance be authorized to insert in the Appropriation Bill the sum of \$5,000, for the establishment of a Hospital at Lahaina, My reasons are that the physician might take outside practice as well, in my district we have no physician. Hon. J. H. Heleluhi did not favor it, the people might be brought to the Queen's Hospital in Hospital, that the expense of bringing them would be less than the sum asked for. Hon. L. Kaapa would not table the resolution, he would refer it to the Sanitary Committee as suggested by the Minister of the Interior. The resolution was so referred. His Highness Prince W. C. Lunalilo after some few remarks as to the propriety of personal disputes being settled in this

Bill to amend Section 9 of Chapter 9 of the Penal Code, assault and battery, was then put on its second reading, and the bill read throughout. On motion Section 1 and 2 were then read, and on motion passed second reading. The title was then read, and on motion passed its second reading,—and bill ordered engrossed.
On motion of Hon. Mr. Harris the bill to amend the law relating to Commissioners of Boundaries, read a third time by its title and passed, 23 ayes and 12 nays. On motion the bill to amend Section 1 of Chapter 41 of the Penal Code put on its second reading. Minister Hutchison moved to postpone indefinitely-carried.

TWENTY-SECOND DAY, May 19. Hon, J. W. Keawehunahala, Mr. President, Vice President, my fellow Representatives and Nobles: I have come before this House to express my thoughts. I was waiting yesterday for a call from the Sergeant-at-Arms, but the House was to busy with the case of Mr. L. H. Gulick. As far as my remarks after the suspension of the rules of order

on Thursday, I do now take them back. Minister Harris: After the very handsome manner in which the member from Waialua has come forward and conducted himself before the bar of this House, I would say that if I made use of remarks in the heat of debate which were improper,

I hope that they will be forgiven and forgotten. Minister Hutchison, after the reading of the minutes, in English, asked the President's attention to the answer given by L. H. Gulick to the query, as to whether he was responsible for the article. His answer, as he (H) understood it, was, yes, and

justify it. Petition from District of Hilo praying, 1st-That those having two or more children be exempt from school tax. 2d-That no person be allowed to set as a juror unless he has real estate of the value of \$100, or an income of \$150 per annum. 3d-That no person in the employ of the government be allowed to set as a juror. 4th-That a law be enacted to amend the master and servant act. That the hours of labor be fixed from 7 A. M. to 4 P. M., and that no contract for wages be made for less than \$15 per month.

Minister Harris said that some here labored under a mistake that tabling killed a petition; that they were wrong, that it

Hon. L. Kuapa said that he had always noticed that anything that was tabled generally laid there forever; and would like to see the petition given to a Select Committee. The Vice President thought that petitions from the people should be given to Committees.

Motion to refer to Committee made and carried. Hon, D. Kahaulelio presented resolution that the members proceed to a gallery and have there pictures taken, and each member have six copies giv in him-resolution tabled. Resolution of Hon. Mr. Helelubi that the Committee of Accounts be authorized to draw from the Tressury \$60 for each næmber, and pay of officers to date. Adopted. Minister Hutchison called attention to a mistake in Finance Committee report on Kilauea, it should be \$46,000 instead of

Bill read, and on motion indefinitely postponed, 23 to 11. Adjourned.

TWENTY-THIRD DAY, May 21. Assembly met at the usual hour.

Minister Harris moved that the resolution relating to the Hon. Member from Waialua, resuming his seat be expunged. Adopted.

Motion was made of intention to introduce a bill to amend Section I of an Act for the construction of statutes when the English and Hawaiian versions do not agree. On motion rules suspended and Hon. Mr. Aholo granted leave to read for the first time, a bill to amend Section 25 of an Act to repeal Chapter 10 of the Civil Code. Bill read and on motion rejected.

Notice of intention to introduce a bill in regard to policemen and constables. On motion rules suspended and leave granted Hon. Mr. Kahaulelio to read for the first time, a bill to amend Section 486 and 487 of the Civil Code. Bill read and on motion passed its first reading, and made the order of the day in due course.

Resolution introduced that \$2,000 be set apart on the Appropriation Bill for H. R. H. Princess Victoria Kamamalu Kashu-manu. Motion that consideration thereon be deferred until the House has the Appropriation Bill under discussion. On motion the House proceeded to the order of the day—the

of previous question put to vote and item passed at \$5,824. Hem census 1866, \$2500 was then read. Hon. J. M. Smith moved to amend to \$3,500, which was put to vote and carried. Item aid to L. Andrews compiling an Hawaiian History, to be expended in the discretion of the Board, \$1,000 was then read, and on motion passed its second reading.

Motion that the Coumittee rise—put and lost. The following items were considered and passed:

DEPARTMENT OF LAW.

Salary Chief Justice and Chancellor \$10,000.

Salary of 1st Associate Justice \$8,000.

Salary of 2d Associate Justice \$7,000. Hon. Mr. Keawe-hunahala moved to amend to \$8,000, which was put to vote and On motion of Minister Harris vote reconsidered, and item Salary of Attorney General \$8,000. Hon. Mr. Kahulu moved amend to \$6,000. Motion to pass the Item as in the bill.

The amendment was lost, and the item as in the bill passed On motion, Committee rose and assembly adjourned. TWENTY-FOURTH DAY, May 22.

Sundry petitions read and referred. Hon. J. W. Keawehunahala introduced a bill to authorize the Minister of the Interior to publish Vols. 1 and 2 of Haw'n Reports in the Hawaiian language. The expense of translating and binding to be paid from the Treasury. Bill read and passed its first reading.

Hon. Mr. Kakani moved-that as the two estates of the realm are represented in this body, and that they are notable characters, a committee be appointed to wait upon some competent artist, and have their pictures taken, and that each member retain two pictures.

Governor of Mani thought that this was a stupid resolution, and that it would be a disgrace to the House to do any such thing. Hon Mr. Mahelona said, that when their pictures were hung in the Legislative Hall that visitors and other members of the Legislature might look upon them and remark upon their rits, &c. His reason for seconding the resolution is that he sees the pictures of Representatives of other nations are taken, and we are the only ones that have none; and the Nobles and those who wish their pictures may remain, and those who don't may step aside, perhaps, because they are ashamed to have their faces transferred to paper. Here is Kamehameha V. and Judge Lee on one side, then there is the likeness of Kameha-

meha IV., and there is the picture of Kamehameha I., who is

lead, and we are left out. So I should think we ought to have our likenesses taken.

Mr. Aholo said that this resolution has been up twice, but if the member of Waianae and Ewa wants to get his name up, he can pay for the pictures himself. It appears to me that several members of this Assembly wish to blow their own horns, and make themselves illustrious. I think our constituents sent us here to help them out of their pilikias, and not to appropriate money for taking pictures of the members of this Assembly. Minister Harris stated that he would propose that as an amendment to the resolution when they had their pictures taken, that these who voted for the reduction of the horse tax should be placed on one side, and those who voted against it be After some further debate, the resolution was put to vote and

Hon. Mr. Heleluhi moved that the House move to the order of the day. It was suggested that before they go into a committee of the Appropriation Bill, that the report of the Minister Minister Harris said that the report had been printed, and that one is in possession of each member of the Assembly, and that if there was any item they wished they could discuss any Hon. Mr. Keawehunahala moved the consideration of the

Hon. Mr. Kaapa moved that the report be adopted. Motion Hon. Mr. Keawehunabala said that this was not a trifling matter, and that the Assembly eight to consider it deliberately before adopting it. Stated that the expenses of the Government printing office were made known, but no reports of the receipts,

Hon. J. M. Smith said that the House must not consider that because the receipts were not placed in the report, that it was not correct. If the member from Waialua would follow him, it

Minister Butchison thought that if the report was referred back to the Committee that the members would make the same complaint, as they were put up to but against it by outside parties. If they wanted to see the receipts or the books, they can; and as far as he was concerned he wished they would appoint a Committee to examine the accounts, as the receipts and everything pertaining to the accounts are on file. He then read the account sales of old type, and the bills for the new type, for the information of the Hon. Mr. Kaunamano. Minister Harris stated that if they wanted to discuss figures they must do it quietly, and suggested that they appoint a gen-tleman whom they consider a good accountant to examine the accounts. In those countries where the House is divided, they generally appointed one from each party to discuss the matter together. He hoped the members would not be misled by interested parties, and there are persons in every community whom argument cannot convince because they will not listen. There is \$3,000 worth of paper, &c., on hand, and over \$290 in the Treasury, being the balance of the \$15,000 appropriated, and now they say we have spent \$18,000. I say that the Hawaiian Government have spent very little for printing newspapers, and that without these papers the Government would not stand twenty-four successive months. He hoped the champion of the aggrieved party would look over the accounts, and one of the Committee would be happy to explain to him anything he did not understand. He also stated that \$10,000 had been spent on the Quean's Hospital, and \$12,600 on the Insane Asylum. The opposition to the printer's bill, which was so much more important, was something he could not understand. It was not the Government who wanted to shut up the press, but the people who desire to muzzle it.

The motion to return the report of the Finance Committee was lost, and the report adopted-17 to 10.

Aszembly adjourned.
